

MINI EXCAVATOR | 50Z-2 / 56Z-2 / 60C-2

TOUGH TO BEAT

STAGE V

OPERATING WEIGHT
5,030 - 5,680kg

ENGINE POWER
36kW

BUCKET TEAROUT
38 / 42kN

TOUGH TO BEAT FOR PERFORMANCE.

The new Stage V Perkins 36kW engine provides up to 5% fuel savings with zero compromise to machine performance and no AdBlue needed.

TOUGH
TO BEAT FOR PERFORMANCE

THE POWER TO SAVE

4 power modes allow the operator to select the right power for the job, saving even more fuel.

TOUGH TO BEAT FOR SAFETY.

Improved visibility, integrated rear camera, follow me home LED lights, unique 2GO system and 5 years' subscription to JCB Livelink contributing to safer working.

TOUGH
TO BEAT FOR SAFETY

CTS OR ZTS?

Choose conventional tailswing for more stability and strength, or zero tailswing for greater manoeuvrability.

TOUGH TO BEAT FOR COMFORT.

Increased productivity comes from a comfortable operating environment: a large, quiet cab, thumb controlled boom swing and auxiliary and a hands free bluetooth radio.

TOUGH
TO BEAT FOR COMFORT

INFORMATION AT YOUR FINGERTIPS

The intuitive 7-inch colour display gives easy access to key machine information.

TOUGH TO BEAT FOR EASE OF USE.

7" colour screen with rotary dial control, programmable flow for up to 10 attachments and auto auxiliary venting allows easy attachment changeover.

TOUGH
TO BEAT FOR EASE OF USE

TOUGH TO BEAT FOR SERVICEABILITY

Unrivalled service access with easy-to-remove panels, fully opening side & rear bonnets and grouped check points.

TOUGH TO BEAT FOR COST OF OWNERSHIP.

Minimal downtime, with a machine healthcheck displayed on screen before starting. Fuel saving features include one touch idle, programmable auto idle & engine shutdown.

BUILT TO LAST

100% steel bodywork and bolt-on grab handle are tougher and easier to repair.
